DETAILED ACTION

Claim Rejections - 35 USC § 103

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

The rejection of claims 1-5, 7-9, 12-19 and 24-25 under 35 U.S.C. 103 (a) as being unpatentable over Dugger III '098 in view of Klokke-Bethke et al '862 and claim 6 under 35 U.S.C. 103 (a) as being unpatentable over Dugger III '098 in view of Klokke-Bethke et al '862 further in view of Robinson et al '539 are maintained.

Allowable Subject Matter

Claims 10-11 and 20-23 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

Applicant's arguments filed 10/04/01 have been fully considered but they are not persuasive.

Applicant argues that "the present application is a continuation in part of a PCT application having a filing date prior to that of the referenced Dugger patent '098", (page 4, lines 17-18). However this statement is incorrect. The PCT application was filed October 1st 1997, whereas the Dugger patent '098 was filed April 12, 1996, more than one year prior to the Pct filing date.

Applicant argues that there was constructive reduction to practice of the present invention prior to the publication date of said Dugger reference. However to clearly establish this claim, the present application has to be compared to the PCT application in question. The applicant has submitted a comparison copy of the material in the present application which is not present in the parent PCT. However this is not sufficient and lacks vital information required. Although a copy of the PCT application is filed with the USPTO, it is not readily available to examiners, and generally all priority documents must be submitted in order to perfect the claim for priority.

The submitted comparison copy indicates that there is not support for all the claimed elements in the present application. Therefore due to all stated reasons the rejections of claims 1-25 are maintained.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
